City of Hallandale Beach - Trash

- Place debris adjacent to the street, but keep all debris out of the swale.
- Be patient. Debris removal operations after a hurricane could take several weeks.

City of Hallandale Beach - Water

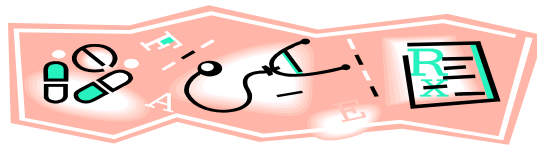

- Be prepared in the event that water service is discontinued
- Have bottled water in stock and fill bathtub
- The City of Hallandale Beach has its own water treatment plant.
—Unless the media specifically states that Hallandale Beach water needs to be boiled, the water is safe for drinking

Hurricane Kit Checklist

- ☐ Drinking water: At least one gallon per person per day for three to five days. Extra water is needed for preparing food and personal hygiene. To store water, use food grade containers.
- ☐ Food: At least enough for three to five days including non-perishable packaged or canned food, canned or shelf milk, cereal, etc.; and snack foods.
- ☐ Three to five day supply of special items for babies such as formula, food, wipes, diapers; special foods for elderly; toiletries and extra toilet paper.
- ☐ Manual can opener/bottle opener.
- ☐ Paper goods such as plates, bowls, napkins, towels, and plastic eating utensils.
- ☐ Unscented household bleach and medicine dropper.
- ☐ Extra bedding such as blankets, pillows, sleeping bags, etc. in case you must evacuate.
- ☐ Clothing including rain gear and sturdy shoes.
- ☐ First aid kit.
- ☐ Medicines & prescription drugs: a two week supply.
- ☐ Hand sanitizer
- ☐ Flashlight and extra batteries
- ☐ Battery-operated or hand-crank radio.
- ☐ Hardline telephone with jack (not cordless).
- ☐ Toys, books, and games to keep children and adults entertained during and after the storm.
- ☐ Pet food, cat litter, and other pet care items.
- ☐ Tool kit including cord, rope, hammer, wood nails, crowbar, tarp, duct tape, and heavy work gloves.
- ☐ Plastic trash bags and ties.
- ☐ Extra resealable plastic storage bags, heavy-duty aluminum foil, and disposable aluminum pans.
- ☐ Extra charcoal or propane gas for outdoor cooking. Sterno can also be used. Never cook with any of these items inside your house. The smoke and fumes are deadly.
- ☐ Fire extinguisher (ABC Type).
- ☐ Matches in a waterproof container.
- ☐ Mosquito repellent with DEET, and sunscreen.
- ☐ Candles for lighting. Do not leave lit candles unattended.

Quick Tip

Prepare ahead for your medical needs such as dialysis, insulin, oxygen, and any prescription drugs. ***The emergency refill law allows you to obtain a 30-day supply of medications when an emergency is announced.***

“Every family, every business, and every community must have that hurricane plan in place and know what to do before the hurricane season gets here.”

~ Max Mayfield

Get a Hurricane Plan

Hold a family meeting: Discuss the hazards and start a list of things you will need to take care of before the season begins and encourage everyone to participate.

Discuss whether you'll need to evacuate: Determine if you live in an evacuation zone, and if so where you will go when an evacuation order is given.

Ensure your assets are protected: Inventory your home possessions and videotape, record, or photograph items of value.

Assess your home for vulnerable areas: Evaluate roof, windows, garage door, landscaping, etc. and determine actions to be taken.

Make a plan to protect your vehicles: Decide where you will store or park your vehicle, boat, or RV. Check your vehicle insurance policy and keep it in a safe area.

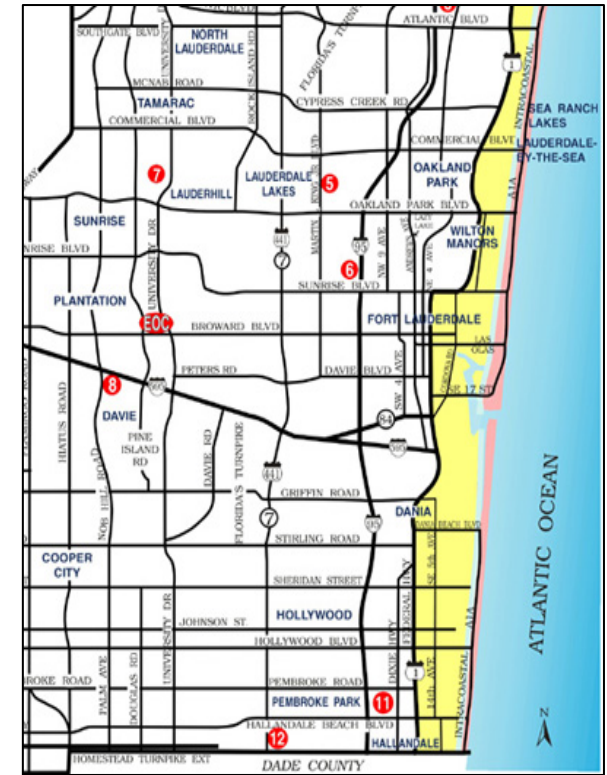

Secure your home: Decide what actions you will need to take to protect your home and your property (Shutters, generator, tree-trimming).

Determine whether anyone in your home has special needs: Make arrangements in advance to accommodate those needs.

Make a plan for your pets: Determine how you will address your pet's needs and make a plan in case you have to evacuate.

Gather your supplies: Determine your family's food, water, and medical needs and assemble your hurricane kit before the season begins.

Notify others of your plan: Let family and friends know what your hurricane plan is so they can check on you in the aftermath of the storm.

The City of Hallandale Beach Evacuation Plan

Plan A – South Ocean Drive & All Mobile Homes

Plan B – Federal Highway east to South Ocean Drive & All Mobile Homes
